CAPABILITY STATEMENT

AGILE Underwriting Services is a Lloyd's coverholder and insurtech MGA specialising in Accident & Health, Aviation, Casualty, Cyber, Drones, Financial Lines, Construction, Cargo and Retail Travel.

We combine traditional underwriting with digital distribution and product development services for insurance brokers.

At AGILE, putting brokers first is the aim of the game. That's because we've walked the walk and understand the obstacles and opportunities you face.

In fact, our company was formed in 2015 by a group of Lloyd's and insurtech veterans. We're also privately owned, with all shareholders working within the business to support you. Together, our team offers over 400 years combined market knowledge and experience, tailored to the needs of brokers.

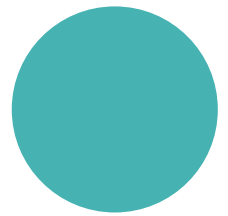

But we're much more than just an MGA or consultancy. AGILE's success is built on using technology to sell insurance better.

That's why you'll find our industry vets working side-by-side with an in-house team of developers and e-commerce experts.

Backed by technology AGILE is able to deliver a dynamic style of underwriting expertise that not only frees up your time, but empowers you to create and sell bespoke schemes fast, with expert binders waiting in the wings.

With our in-depth knowledge of the global market and strong relationships globally, we've established a high level of trust from our capacity providers, allowing us to independently service our brokers locally with ease.

AGILE offers a range of insurance lines including Accident & Health, Aviation and Aerospace, Casualty, Cyber, Drones, Financial Lines, Property and Retail Travel over 11 binders. Our binders are backed by 15 Lloyd's syndicates and two company markets.

Meet Ben Webster

Head of Specialty

Ben started in 'insurtech' in 2005 and has launched over 50 insurtech products. These products have sold over 6 million policies through digital distribution. Ben is also the co-founder of Insurtech Australia.

Cover for +150 categories of goods.

Shippers are interested in protecting their goods from ship to the customers doorstep.

Inland Transit (often referred to as Shippers Interest) covers goods or personal belongings being transported in Australia only, and not any exporting or importing activity. It will cover physical loss or damage to your goods as a result of accidental damage or insured perils.

How the API works

Embedding into logistics platforms.

AGILE's cutting edge API allows logistics platforms to embed insurance while earning commission by providing peace of mind to shippers.

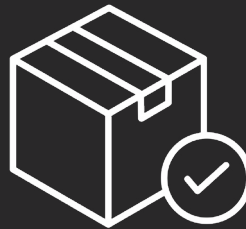

Shipper gets a quote

Shipper accepts the quote

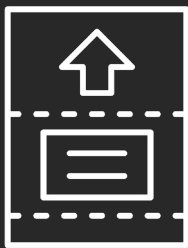

Carrier has confidence good are covered in transit

We send you commission at the end of the month

API returns insurance costs

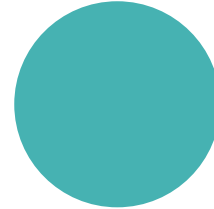

API sends shipper insurance docs

Want to do less and sell more? That's got to be the dream right?

Broker to-do list less:

- ~~☐ Processing proposal forms.~~
- ~~☐ Shopping for capacity.~~
- ~~☐ Filling out spreadsheets.~~
- ~~☐ Saving PDFs.~~
- ~~☐ Chasing debtors.~~
- ~~☐ Compliance and regulations.~~
- ~~☐ Asking for claims updates.~~

Less of the emails and paperwork and more of the big opportunities – the new schemes, the niche high-value clients, the painless claims and big commissions.

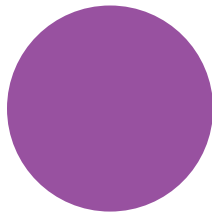

AGILE formed to make the business of insurance better through the power of tech.

That means using tech to handle the admin grind, the paper trails, the proposal forms, the claims, compliance and reporting requirements. The stuff that swallows up half your day.

With the admin taken care of, the real fun begins. We're a MGA with a range of binders in place across Aviation, Cyber, Financial Lines, Accident & Health, Casualty, Travel and Specialty. But that's not all.

As a partner, AGILE offers real value for brokers wanting to expand their business. From capacity shopping, to policy wording and digital distribution, you'll never have to turn away a new scheme opportunity again. You'll also see a faster return on your hard work, with our powerful online quote and payment platform.

Powered by  **AGILE.**

Go AGILE

and move from
policy to proposal without
the grind.

AGILE takes care of the admin, capacity shopping, policy wording, claims, and more leaving you to nurture your client relationships.
